**Health Advisory on COVID-19**

The Movement Control Order that is enforced from 18 March 2020 to 31 March 2020 included a comprehensive restriction of population movement to reduce the spread of COVID-19 infection in Malaysia. The public is requested to remain at home for this duration. Therefore, MOH advises the public on the following measures to ensure optimum health:

1. Practice a healthy lifestyle while at home. This includes maintaining a healthy diet, being physically active, not smoking, staying calm and practicing good stress management.
2. Ensure that purchased food items are in good condition and not exceed the expiry date. Contaminated and stale food can cause food poisoning.
3. For people with chronic diseases, ensure adequate supply of medication and continue to take medications as prescribed.
4. Clean the areas in and around the house or living quarters, including disinfection if required.

If unwell, please contact the Virtual Health Advisory and attend the webinar session that will be held daily starting at 9:00 am via the following link:

The public can also contact the National CPRC MOH hotline. Further information on COVID-19 in Malaysia is also available through the National CPRC MOH Telegram channel <https://t.me/cprckkm>.

MOH will continue to monitor the development of the COVID-19 situation based on all available information, and the public will be continuously updated on the latest information.

Thank you.
